The 30-second version

- **Your reviews are strong:** 4.9★, with 1,522 of your 1,604 reviews at 5 stars.
- **But you sit at #4 for "garage door repair"** when searched from downtown Louisville.
 - Compared with the top 3: your homepage title ("Cunningham Door & Window | Garage Doors, Overhead Doors...") doesn't mention your city; your homepage scores 28/100 for mobile speed (Lighthouse lab).
- **Quick fixes:**
 1. Tighten the homepage for "garage door repair" + city.

4. What I'd fix first

1. **Website relevance:** put "Garage Door Repair" and "Louisville" in the homepage title; speed up the mobile homepage (lab score 28/100).

No one can guarantee rankings. These fixes target what you control.

How this was measured

- **Google Maps rankings:** DataForSEO Google Maps API, desktop, English, Google location "Louisville, KY" (downtown point), "garage door repair" to depth 61, pulled **Thu Oct 8, 2026 ~4:42 PM ET**. Opener and spring searches pulled the same way.
 - Rankings move by searcher location, device and time. This is a snapshot, not a guarantee.
- **Profile data** (rating, star breakdown, photo count, categories, hours, booking link, claimed status) comes from the same Maps results.
- **Website:** homepage HTML check plus Google Lighthouse 12 on mobile (simulated slow 4G, single lab run from our server). Real visitors may see different speeds.
- Anything marked **(verify)** is an inference we couldn't confirm from the data.
