The 30-second version

- **Solid base:** 4.4★ across 14 Google reviews.
- **But you sit at #22 for "garage door repair"** when searched from downtown Pittsburgh.
 - Compared with the top 3: you list 1 extra Google category (#1 lists 6); no LocalBusiness schema on your homepage.
- **Quick fixes:**
 1. Add 2–3 accurate extra categories to your Google profile.

4. What I'd fix first

1. **Add extra categories.** You list only "Garage door supplier". The top 3 also use: Door supplier, Garage builder, General contractor, Handyman/Handywoman/Handyperson, Locks supplier, Repair service. Add only the ones that are true for your business. (5 min)
2. **Website relevance:** add LocalBusiness schema (address, hours, area served).

No one can guarantee rankings. These fixes target what you control.

How this was measured

- **Google Maps rankings:** DataForSEO Google Maps API, desktop, English, Google location "Pittsburgh, PA" (downtown point), "garage door repair" to depth 60, pulled **Thu Oct 8, 2026 ~4:42 PM ET**. Opener and spring searches pulled the same way.
 - Rankings move by searcher location, device and time. This is a snapshot, not a guarantee.

- **Profile data** (rating, star breakdown, photo count, categories, hours, booking link, claimed status) comes from the same Maps results.
- **Website:** homepage HTML check plus Google Lighthouse 12 on mobile (simulated slow 4G, single lab run from our server). Real visitors may see different speeds.
- Anything marked **(verify)** is an inference we couldn't confirm from the data.
