The 30-second version

- **Your reviews are strong:** 5★, with 88 of your 89 reviews at 5 stars.
- **But you sit at #52 for "garage door repair"** when searched from downtown Indianapolis.
 - Compared with the top 3: you list no extra Google categories (they list 1–7); your profile shows weekends closed while 2 of the top 3 list 24/7.
- **Quick fixes:**
 1. Add 2–3 accurate extra categories to your Google profile.
 2. Make sure your profile hours match when you actually answer the phone.

4. What I'd fix first

1. **Add extra categories.** You list only "Garage door supplier". The top 3 also use: Contractor, Door supplier, Garage builder, Material handling equipment supplier, Property maintenance, Repair service, Spring supplier. Add only the ones that are true for your business. (5 min)
2. **Hours:** if you take calls evenings or weekends, list those hours. Profiles shown as closed can drop out of "open now" searches. (Only list hours you really answer.)

No one can guarantee rankings. These fixes target what you control.

How this was measured

- **Google Maps rankings:** DataForSEO Google Maps API, desktop, English, Google location "Indianapolis, IN" (downtown point), "garage door repair" to depth 86, pulled Thu Oct 8, 2026 ~4:42 PM ET. Opener and spring searches pulled the same way.

- Rankings move by searcher location, device and time. This is a snapshot, not a guarantee.
- **Profile data** (rating, star breakdown, photo count, categories, hours, booking link, claimed status) comes from the same Maps results.
- **Website:** homepage HTML check plus Google Lighthouse 12 on mobile (simulated slow 4G, single lab run from our server). Real visitors may see different speeds.
- Anything marked **(verify)** is an inference we couldn't confirm from the data.
