

Google Maps Visibility Audit: Marks Door Company

24420 Staghorn Dr, Bedford Heights, OH 44146 · (440) 232-1880 · marksdoorcompany.com

Prepared Thu Oct 8, 2026 by Josh Finer, Finer Technologies · Searches run from downtown Cleveland on Thu Oct 8, 2026, ~4:42 PM ET

The 30-second version

- **Solid base:** 5★ across 18 Google reviews.
- **But you sit at #55 for "garage door repair"** when searched from downtown Cleveland.
 - Compared with the top 3: no booking link on your Google profile (1 of the 3 has one); they show 6–101 profile photos vs your 1; your profile shows weekends closed while 3 of the top 3 list 24/7.
- **Quick fixes:**
 1. Add a booking or quote-request link to your Google profile.
 2. Add 30+ real job photos (you have 1).
 3. Tighten the homepage for "garage door repair" + city.

1. Where you show up on Google Maps

Search (from downtown Cleveland)	Your position	#1
garage door repair	#55 of 109	First Solution Garage Door Services
garage door opener repair	#53 of 100	First Solution Garage Door Services
garage door spring repair	#51 of 100	First Solution Garage Door Services

Grid check (25-point coverage map): not checked for this audit.

2. You vs. the top 3 ("garage door repair", downtown Cleveland)

	You (#55)	#1 First Solution Garage Door Services	#2 Precision Overhead Garage Door	#3 Expert Door
Rating	5★	5★	4.9★	4.8★
Google reviews	18	2	2,399	23
1★ reviews	0	0	43	1
Photos	1	101	58	6
Primary category	Garage door supplier	Garage door supplier	Garage door supplier	Garage door supplier
Extra categories	none	none	none	none
Hours listed	Mon–Fri 8 AM–5 PM; Sat–Sun closed	24 hours, 7 days	24 hours, 7 days	24 hours, 7 days
Booking link on profile	no	no	yes	no
Profile claimed	yes	yes	yes	yes

Distance from the searcher is part of how Google ranks Maps results, and you can't change it. What you can change: relevance (categories, services, website) and prominence (reviews, photos, activity).

3. Website (mobile)

Check	Result
Page title	⚠ "Mark's Door Company Garage Door Installation & Repair"
Main headline (H1)	✅ "Quality Garage Door Installation & Repair Services"
Tap-to-call link	✅ (440) 232-1880
LocalBusiness schema	⚠ not found
Suburb/area coverage	⚠ homepage mentions 0 nearby suburbs
HTTPS	✅
Mobile speed (Lighthouse lab)	Performance 34/100 · SEO 92/100 · LCP 7.7 s · page weight 1,829 KiB

4. What I'd fix first

1. **Add a booking or quote-request link** to your Google profile (your contact/quote page works if you don't use online booking). (5 min)
2. **Photos:** 1 → 50+. Real before/after jobs, trucks, team and shop, uploaded steadily rather than all at once. (ongoing)
3. **Website relevance:** put "Garage Door Repair" and "Cleveland" in the homepage title; add LocalBusiness schema (address, hours, area served); add an "Areas we serve" section with the suburbs you actually cover; speed up the mobile homepage (lab score 34/100).
4. **Hours:** if you take calls evenings or weekends, list those hours. Profiles shown as closed can drop out of "open now" searches. (Only list hours you really answer.)

No one can guarantee rankings. These fixes target what you control.

How this was measured

- **Google Maps rankings:** DataForSEO Google Maps API, desktop, English, Google location "Cleveland, OH" (downtown point), "garage door repair" to depth 109, pulled **Thu Oct 8, 2026 ~4:42 PM ET**. Opener and spring searches pulled the same way.
 - Rankings move by searcher location, device and time. This is a snapshot, not a guarantee.

- **Profile data** (rating, star breakdown, photo count, categories, hours, booking link, claimed status) comes from the same Maps results.
- **Website:** homepage HTML check plus Google Lighthouse 12 on mobile (simulated slow 4G, single lab run from our server). Real visitors may see different speeds.
- Anything marked **(verify)** is an inference we couldn't confirm from the data.
