The 30-second version

- **Your reviews are strong:** 5★, with 35 of your 35 reviews at 5 stars.
- **But you sit at #40 for "garage door repair"** when searched from downtown Cincinnati.
 - Compared with the top 3: no booking link on your Google profile (1 of the 3 has one).
- **Quick fixes:**

4. What I'd fix first

1. **Add a booking or quote-request link** to your Google profile (your contact/quote page works if you don't use online booking). (5 min)

No one can guarantee rankings. These fixes target what you control.

How this was measured

- **Google Maps rankings:** DataForSEO Google Maps API, desktop, English, Google location "Cincinnati, OH" (downtown point), "garage door repair" to depth 72, pulled **Thu Oct 8, 2026 ~4:42 PM ET**. Opener and spring searches pulled the same way.
 - Rankings move by searcher location, device and time. This is a snapshot, not a guarantee.
- **Profile data** (rating, star breakdown, photo count, categories, hours, booking link, claimed status) comes from the same Maps results.
- **Website:** homepage HTML check plus Google Lighthouse 12 on mobile (simulated slow 4G, single lab run from our server). Real visitors may see different speeds.
- Anything marked **(verify)** is an inference we couldn't confirm from the data.
