The 30-second version

- **Your reviews are strong:** 5★, with 37 of your 37 reviews at 5 stars.
- **But you sit at #49 for "garage door repair"** when searched from downtown St. Louis.
 - Compared with the top 3: you list 1 extra Google category (#2 lists 7); your homepage title ("Garage Door Repair Edwardsville IL | Garage Door Replacement") doesn't mention your city; no LocalBusiness schema on your homepage.
- **Quick fixes:**
 1. Add 2–3 accurate extra categories to your Google profile.
 2. Tighten the homepage for "garage door repair" + city.

4. What I'd fix first

1. **Add extra categories.** You list only "Garage door supplier". The top 3 also use: Contractor, Door supplier, Garage builder, Material handling equipment supplier, Property maintenance, Repair service, Spring supplier. Add only the ones that are true for your business. (5 min)
2. **Website relevance:** put "Garage Door Repair" and "St. Louis" in the homepage title; add LocalBusiness schema (address, hours, area served).

No one can guarantee rankings. These fixes target what you control.

How this was measured

- **Google Maps rankings:** DataForSEO Google Maps API, desktop, English, Google location "St. Louis, MO" (downtown point), "garage door repair" to depth 105, pulled **Thu Oct 8, 2026 ~4:42 PM ET**. Opener and spring searches pulled the same way.
 - Rankings move by searcher location, device and time. This is a snapshot, not a guarantee.

- **Profile data** (rating, star breakdown, photo count, categories, hours, booking link, claimed status) comes from the same Maps results.
- **Website:** homepage HTML check plus Google Lighthouse 12 on mobile (simulated slow 4G, single lab run from our server). Real visitors may see different speeds.
- Anything marked **(verify)** is an inference we couldn't confirm from the data.
